Oceanis Yacht 60

ELEGANCE REDEFINED

Designers Roberto Biscontini and Lorenzo Argento have created a world of refinement in this 60-footer ocean-cruising yacht.

With a hull length of almost 18 meters, the Oceanis Yacht 60 has been designed with a remarkable and sophisticated silhouette that preserves its elegant design and excellent marine qualities.

NAVAL ARCHITECT: BISCONTINI YACHT DESIGN

INTERIOR & EXTERIOR DESIGN: LORENZO ARGENTO

OPTIMUM DESIGN FOR SMOOTH SAILING

The new cockpit layout provides a sense of ease and security: access to the foredeck is made simple via deep side decks.

The two helm stations have been optimized so that all maneuvers can be carried out without leaving the helm. Systems such as [Ship Control](#) and [Seanapps](#) provide control of all on-board systems and allow for easy maintenance.

The bimini is available in 2 configurations. The rigid version has a central section that can slide forward to adjust the amount of cover in the cockpit. The crew will always be able to find the best compromise between protection and ventilation.

The generous dinghy garage holds a 2.8 m jet-propelled tender. This tender is operated by an electric winch with a double wire system and guiding rollers to make it effortless to launch and raise.

STYLISH INTERIOR SPACE FOR SHARING IN GOOD COMPANY

The galley, positioned in the center of the boat, extends across the entire width: on the port side, storage and refrigeration; on the starboard side, the sink, the oven and the dishwasher. There is substantial storage space and an innovative worktop layout.

The large salon offers seating for six people around the table and faces the sofa in the relaxing area. The curved chart table allows the navigator to participate in all the discussions on board.

Available in a 3-cabin version with 3 heads, the Oceanis Yacht 60 comes with two different finishes: a standard walnut or optional light oak. Many molded wood features blend harmoniously with large lacquered white surfaces and are matched with exclusive upholstery. Together they create a distinctly stylish atmosphere.

The luxurious and relaxing owner's cabin offers privacy and a stunning view of the sea. The bed is tucked away on the starboard side and only visible once you've passed the private ensuite, which is equipped with ample storage space.

2 TRIM LEVELS

The Oceanis Yacht 60 comes with two different finishes: a standard walnut and optional light oak.

KEY FEATURES

SPACIOUS AND BRIGHT INTERIOR

As you step down the companionway you'll be met with a great deal of space and light, and an overall impression of the interior's spacious proportions.

CIRCULATION ON DECK

Extensive side decks run around the helm stations offering obstacle-free, seamless circulation to the foredeck.

SECURE AND EQUIPPED COCKPIT

The huge cockpit makes for extra safety and easy movement. The pilot can carry out all the usual maneuvers without leaving the helm.

EQUIPPED WITH SEANAPPS

The easiest way to keep your boat safe and ready to cruise anytime.

The new [Seanapps](#) app is the ultimate solution to help you indulge your passion for boating. With the touch of your

finger, you can easily connect, monitor and order services for your boat – from routine maintenance to requesting a wash or fuel or having us complete a repair.
