Summary/Description

GREAT basic small cruiser! Comfortable amenities and roomy cockpit, reliable Yanmar diesel, stackpack lazy jack main and furling jib make this an easy, comfortable sailor.

This is a GREAT pocket cruiser, very comfortable, easy to care for, and easy to sail. She features a full enclosed head with shower, sink, vanity, and marine head; a great little galley with alcohol stove, sink, countertop and storage; a large aft berth and storage area beneath the cockpit; and a comfortable salon with centerline table that converts to another large double berth forward.

Outside, the roomy cockpit (with weatherproof cushions) and bimini keeps captain and crew/guests comfortable, while the diesel engine, wheel steering, lazy jacks/stack pack main and roller furling jib make for easy operations underway. Great as a small cruiser, comfortable at the dock, yet also a very sensible and easy singlehand sailor or afternoon cruiser!

With a little spring cleaning, this is an affordable, comfortable, easy sailboat to make yours and get sailing right away this season!
