Summary/Description

The Beneteau Oceanis 40 is a versatile cruiser that strikes a balance between comfort and performance. Some of the key features and insights about this beautiful sailboat are design & construction, on deck layout, interior comfort, sailing performance. Plus this one has been beautifully maintained.

The **Beneteau Oceanis 40** is a versatile cruiser that strikes a balance between comfort and performance. Here are some key features and insights about this beautiful sailboat:

Design and Construction:

- Designed by **Marc Lombard**, the Oceanis 40 features a long waterline, broad stern, and a double-chine hull.
- The fin keel carries a cast iron ballast bulb, and twin rudders are canted outward.
- The hull design provides form stability, allowing for less ballast in the keel.
- The deck is injection-molded sandwich fiberglass, and the boat is built to CE standards.

On Deck:

- The standard rig includes an in-mast furling mainsail and a self-tacking jib.
- The cockpit is spacious, with retractable footrests for the helmsman and midline table brace points.
- The transom lowers to reveal a wide, two-level stern platform, perfect for boarding and swimming.

Interior Comfort:

- The Oceanis 40 offers an ultra-spacious interior by Nauta Design.
- Families will appreciate the three cabins, providing ample room for guests.
- USB outlets are strategically placed throughout the interior.

Performance Options:

- Serious racers may opt for the performance version with a taller mast and deeper keel.
- The shoal draft version is ideal for transiting the Atlantic Intracoastal Waterway.

Conclusion: The Oceanis 40 combines comfort, style, and performance, making it a standout choice for cruising adventures. Whether you are day sailing or embarking on week-long cruises, the Oceanis 40 promises an enjoyable and memorable experience on the water.
