Year: 2019

Location: Middle

Summary/Description

The Beneteau Oceanis 38.1 features the advanced hard-chined hull with twin helms and twin rudders designed for performance and stability. A spacious, well-thought out interior provides all the comforts of home for extended cruising. ARIEL has been lovingly maintained and very lightly used. Call today

The Beneteau 38.1 has an exceptionally large cockpit, very comfortable while underway and an excellent place for entertaining while at anchor. A large bi-fold cockpit table has room for six to dine. ARIEL was fitted with teak on the seats and cockpit sole, adding an element of yachting luxury. A huge fold-down swim platform provides fantastic access to the water and makes boarding from a dinghy very easy. The twin-helm design not only gives you excellent sightlines while sailing, but also clears a wide path for entering or exiting the cockpit. Stepping down below on the gently sloping companionway stairs, you will find a compact and well-laid-out galley to port with everything you need to store and prepare food while cruising. The large head is to starboard. Tall people have no worries; there is 6'4" of headroom in the main salon and galley and 6'2" in the head and staterooms. Each of the three staterooms have a large double berth and ample closet and drawer space. Overhead hatches and portlights provide excellent light and ventilation throughout the interior. Overall, it would be difficult to find another 38-foot sailboat with a more roomy or better thought out interior design and accommodations, something Beneteau is known the world over for as a leader and innovator in the industry..
