- Aft Jump Seats with Folding Backrests
- Canvas Bimini Top
- Full Boat Cover
- 2018 Custom Coyote MFG Trailer

## Manufacturer Provided Description

The 206 Cayman is built by Robalo engineers who have successfully mixed a shallow water draft with a feather soft 15-degree Extended V-Plane bottom design and an aggressive hullside flare so you can travel wherever the fish are biting. Big on features and even bigger on performance, we've made it easy to fall in love with the new 206 Cayman. Reel Deal pricing includes a tandem axle trailer. Upfront, the forward casting platform with its center livewell that doubles as a fish box and lockable rod storage is state of the art. Aft, the convertible seating opens up all kinds of possibilities. Amidships, the helm console that's more stylish and functional than you've ever seen in a 20-footer. Six rods store at the ready. One of three livewells is tucked under the front seat so bait is accessible no matter where you are onboard.

## Vessel Walkthrough and Details
