## 2021 Jeanneau NC1095

Like all Jeanneau models, the NC 1095 has been designed for life underway and includes some clever features like recessed side-decks, allowing for safer movement around the boat and easy access to the helm. A large L-shaped banquette comfortably fits a large group and easily converts into a large lounging pad. Over-sized transom platforms on either side of the outboard engines make boarding safe and easy.

To fully enjoy life on the water, the forward sundeck has a sun pad with lifting back rests, and provides additional living space while on deck.

### LIGHT AND SPACE

The interior of the NC 1095 has been designed with opening sunroofs and large windows in the hull, which allows for plenty of natural lighting. The galley is large and fully functional: here again, a surprising amount of storage space is available in both upper and lower cabinets, allowing you to store everything you may need during your time on the water.
