Central vacuum
Inboard
380HP
283.37KW
Fuel: Diesel
Hours: 1000
Year: 2011
Location: Middle

Summary/Description

PRELIMINARY LISTING - MORE PHOTOS AND DETAILS TO COME The Mainship 395 Trawler is a fuel-efficient, well-priced, performance trawler with classic lines and space-efficient accommodations.

Unlike a true displacement trawler, the 395 is built on a faster semi-displacement hull with flat aftersections and a shallow, full-length keel—a hull design that provides high efficiency at slower speeds, yet can be run at planing speeds as well. She's a surprisingly big boat inside thanks to a broad 14'3" beam, and the floorplan manages to include double berths in both staterooms as well as a separate stall shower in the head. (Note that the guest stateroom is partially tucked beneath the raised dinette in the salon.) The galley is aft in the salon where it can be easily accessed from the cockpit. Visibility from the lower helm is excellent, and the center windshield panel swings open for ventilation. Aft, a sliding glass door opens to the covered cockpit where a series of molded steps ascend to the flybridge. Additional features include bow and stern thrusters, transom door, and flybridge seating for six. Powered by a V-drive single Yanmar 380hp diesel (8-10 knots cruise).

This Mainship 395 is extremely well cared for and equipped, and is sure to leave her next owners with very little to desire on the water! Not often do these trawlers come to market, so act fast and book your private showing today!

Full Details

Dimensions:

Length: 39'5"

Beam: 14'3"

Draft: 3'3"

Bridge Clearance: 15'

Vessel Name: El Manuelo

Hull Material: Fiberglass

Hull Color: White

Propulsion:

Engines: 1

Make: Yanmar

Model: 6LY3-UTP

Year: 2011

Engine Type: inboard

Drive: direct

HP: 380

Fuel: diesel

Hours: ~ 1000 (freshwater)

Propeller Type: 4

Propeller Material: bronze

Electronics:

Chartplotters: 3 x Garmin

Depth Sounder

Speedometer

Autopilot

Compass
