Summary/Description

Sold Catamaran

NAUTITECH 46' OPEN-SUMMERWIND.

(Built 2018. Launched 2019)

Summerwind is a rare find on the West Coast where larger, cruising catamarans are relatively rare. The original owners are now spending summers on Lake Michigan and not using Summerwind as in the past. Summerwind has never been chartered; rather, she's been cared for and maintained as a "second home" by the original owners.

This Nautitech Open 46 sailing catamaran was designed by Marc Lombard, built in late 2018, and launched in early 2019 by the French shipyard Nautitech. This catamaran is the sought-after Owner's version with 3 cabins and 3 heads. This recent catamaran is in very good condition and is upgraded for off-the-grid sailing.

Summerwind is the perfect balance of comfort and performance that Nautitech Catamarans are known for. Summerwind is a turnkey and ready-to-go vessel equipped for cruising comfort and luxurious living aboard.

Seller will pay duties if sold to USA Citizens or residents.

More pictures coming soon, including exterior pictures.
