Manufacturer Provided Description

Back Cove Yachts 340 is powered by a pair of Suzuki 350's, The hull is fitted with standard bow thruster and designed specifically for outboard propulsion offers cruise and top end speeds approximately 10 knots faster than the traditional single diesel Back Cove. This cockpit is meant for entertaining with an aft facing seat that converts into a helm deck U-shaped dinette or second berth. The standard 5kw diesel generator and cabin A/C below deck coupled with the spacious island berth, separate head and shower remind us that this Back Cove is still intended for cruising.

Hull

- Back Cove white iso-npg gelcoat
- Vinylester backup resin
- VIP Resin Infused Hull w/ PVC foam core bottom and topsides
- VIP Resin Infused foam core stringer system
