Summary/Description

For Sale

Customizable Boat: Fort Lauderdale

With a maximum power rating of 115HP and recommended 90HP, the Northstar Axis 5.3 is a fully loaded, smooth riding inflatable tender. Its advanced standard features deliver the performance required for any luxury yacht.

Standard features include a quick planing Delta Lift hull with Delta tabs, a replaceable transom for short or long shaft engines, hydraulic steering, an ergonomic console, an acrylic console with a USB charging port and a main cutoff switch, an integrated fuel tank with a fuel gauge and water separator, an electrical switch panel, LED navigation lights, a socket-type all-around white light, an automatic bilge pump, a self-bailing deck, storage areas, a swim ladder, telescoping cleats, and lifting rings.

The bow seat, helm seat, and forward-console cushion are fabricated from marine grade upholstery and are available in Champagne, Sahara Yellow, Mandarin, and Shark Grey colors. Available hull colors are black, white, and grey. The Hypalon tubes are available in White, Light Grey, Dark Grey, and Black. With four air chambers, the Axis 5.3 has a suggested tube pressure of 2.6psi and a tube diameter of 19.7".

We're proud to showcase Northstar Boats at our Fort Lauderdale showroom.
