80 HP Max Power Rating

Summary/Description

The NorthStar Axis 3.8 is the perfect tender for 60-80 foot yachts, just imagine exploring new places, scuba diving, snorkeling and relaxing in the warm sun. With a maximum power rating of 80 HP the Axis 3.8 has excellent stability, which is great for loading and unloading your family and your toys.

Customizable Boat: Fort Lauderdale

The Northstar Axis 4.8 is a 15'9 inflatable tender loaded with impressive standard features. It has a maximum rating of 80 HP and requires a long shaft outboard. Its Delta-lift hull shape and Delta tabs allow the Axis 4.8 to plane easily and delivers a dry ride.

Standard features include Hypalon tubes, an ergonomic console, hydraulic steering, an acrylic glove box with a USB charging port and a main cutoff switch, a fuel system with a fuel tank and a fuel gauge, an electrical switch panel, LED navigation lights, a socket-type all-around white light, an automatic bilge pump, a self-bailing deck, large storage areas, marine upholstery, a swim ladder, telescoping cleats, and lifting rings.

The Axis tender is customizable with several color options available. Choose from white, light gray, dark gray, or black tubes, a white, gray, or black hull, and Champagne, Sahara Yellow, Mandarin, or Shark Gray marine upholstery.

We're proud to showcase Northstar Boats at our Fort Lauderdale showroom.
