Summary/Description

For Sale

Available for Summer 2024 Delivery

The versatile new V50 Open proudly features the all-new V Class exterior design. Available with an open main deck configuration, her elegant style is matched only by her responsive power, reaching speeds up to 32 knots. Dynamic port light windows cascade the length of her deep-V hull, flooding the saloon and cabins with natural light. This ethos of contemporary exterior design flows through into her interior. On the deck saloon model timber flooring features throughout the main deck and galley areas and the twin helm seats in Nero black leather are a new signature across the V Class range.

The full beam master stateroom is an inviting sanctuary whilst the forward cabin, with large double bed, enjoys the option of scissor berths. Her well-appointed lower saloon can be used as an entertaining space or optionally, converted to an occasional double berth. There is also the option of specifying this area with a third cabin. This exceptional example of craft without compromise, ensures that memorable adventures await.
