## Summary/Description

### For Sale

The 90's profile represents a synthesis of design traits from the 92, 80, and other modern Viking sportfishing yachts, as well as subtle motor yacht influences. Carefully placed feature lines, deckhouse windows, and portlights with chamfered edges and Viking's signature hull-side vents are just a few of the 90's aesthetic high points. Viking will offer three models of the 90 (Open Bridge, Enclosed Bridge, and Sky Bridge), all utilizing a spacious six-stateroom accommodation plan highlighted by a full-beam master suite. The Open and Enclosed Bridge 90 can be outfitted with a tuna tower from Palm Beach Towers, and all three models can be equipped with a custom electronics, communications, and entertainment package from Atlantic Marine Electronics. Both Viking subsidiaries, AME and PBT ensure turnkey delivery.

Dive into the action in the cockpit and dual mezzanine, which share a sense of togetherness with a focus aft. From the salon, a 40-inchwide electric-powered single door opens with a touch of a button. The upper mezzanine's port side is home to an L-shaped aft-facing lounge with available air-conditioned backrest and a teak table. On the starboard side, there's a versatile cooking and refreshment hub (with an additional aft-facing seat) that can be personalized to the owner's liking with a grill and icemaker or refrigerator.

A large lounge on the lower mezzanine looks upon the cockpit, with its shapely fiberglass module holding storage underneath and tackle drawers on each side. The mezzanine provides centerline engine access to the crew quarters and engine room, and is also home to an oversized freezer (port) and two refrigerated boxes (starboard).

The cockpit measures 224 square feet, with a 203-gallon transom fishbox/live well and a pair of full-length 103-gallon insulated in-deck fishboxes. Access to the Seakeeper 35 is provided by a single powered hatch on the centerline, a watertight design introduced with recent Viking 80 demonstrator boats, and the cockpit sole is built with reinforcement for a fighting chair, rocket launcher, or table.

Viking owners and enthusiasts will be enamored with the accommodations of the new Viking 90. The combination of interior volume, a flowing open layout, and several design touches create a fresh soothing ambiance throughout the vast living spaces. Stepping into the salon, a new horizontal grain natural walnut interior greets you with warmth and style. Guests will appreciate the spacious lounge that begins at the salon door and wraps around the port side. A starboard-side entertainment center features a 65-inch pop-up HD TV. Forward, the large starboard wraparound galley is open to a raised U-shaped dinette to port (with rod storage below).

The Viking 90 offers five guest staterooms, each with its own private head and shower, crew quarters with immediate access to the engine room, a pantry with an additional crew berth, and a day head. Spanning the 23-foot, 2-inch beam, the owner's suite boasts a king walkaround bed, a walk-in closet, a dressing table, a lounge area, a full-size credenza under a bulkhead-mounted 65-inch HD TV, and his-and-hers private facilities with separate access.

The Viking 90 made her world premiere at the 2023 Miami Yacht Show
