Summary/Description

Legendary Yellowfin meticulous composite construction and efficient performance stepped hull, with custom removable transom seating. Built-in fishing necessities & loaded with features for day cruises and occasional overnight trips. 2020 Triple Yamaha 425 outboards & Optimus joystick with Spot Lock.

2012/2020 Yellowfin 42'

The 42 Yellowfin was the first oversized center console to appear in the market. It continues to set the standard for what a muscular, no holds barred center console should be. Tournament winning credentials, fully cored composite construction, highly efficient layout, and the ability to run hard in severe conditions. High performance stepped hull to reduce drag and friction. Rod holders everywhere, and an excellent cabin space. This 42 Yellowfin is one of a kind due to its custom seating and taller cabin for additional head room! Originally built as a yacht tender, it has been kept under cover 90% of its life and it shows like a considerably newer boat! This 42 Yellowfin would make a perfect Bahamas boat or for transporting people as it seats (10) people aft of the helm. Freezer under rear facing seat along with a 50 gallon live well. Take seats out when you want to fish. This boat has been fished under half a dozen times; this is not your average, beat up, fished hard Yellowfin! Preferred triple Yamaha 425hp motors were installed in 2020 and only have 330 hours!

Standard Equipment
