## Data Sheet

Category: Center Consoles  
Condition: New  
Model Year: 2024  
Beam: 8'2" (2.49m)  
LOA: 25' 8" (7.82m)

Fuel Type: Gas/Petrol  
Hull Material: Fiberglass

Dry Weight: 4750 lbs  
Fuel Tank: 82 gal (310.4 liters)  
Fresh Water: 9 gal (34.07 liters)  
HIN/IMO: RJDJ1178G324

## Engines/Generators

### Engine 1

Yamaha  
300  
300HP  
223.71KW

## Summary/Description

RJDJ1178G324

**The Everglades 243cc is the industry leader in the bay boat market, and has been since its debut.**

Add an optional GPS-enabled trolling motor and you'll never need to anchor again. Optional jackplate and lifting platforms allow you to get into those shallow spots that most boats this size don't dare. By adding the optional, patent-pending upper station to your standard-equipment hardtop you'll spot fish you never even knew were there.

The low-profile, powder-coated bow rails and pop-up cleats combine with the casting platform/bow seating to make cast-netting live bait a breeze! The most comfortable place to sit on any boat while underway is the stern and the 243cc provides two incredible foldaway seats on either side of the livewell. When not in use, fold the seatbacks down to use the huge aft casting deck. So, whether you want to fish the back country or run 30 miles offshore, the 243cc can satisfy your requirements. This boat is guaranteed to spoil you!

## Standard Features

### CONSTRUCTION

- Unsinkable
- Lifetime hull warranty and 3 year component warranty
- Variable deadrise deep v-hull
- Patented closed molded RAMCAP® construction process
- NMMA Certified
- Self-bailing cockpit
- No wood construction
- High density, closed cell, structural foam flotation
- Hull laminate - premium gel coat, vinyl-ester barrier and knitted bi-axle fiberglass
- High density composite transom
- Hull liner and deck mated perfectly for a rigid one-piece construction, adding to its long term durability
- Hull liner completely finished inside
- Molded-in diamond non-skid
- Rigging troughs - molded-in and oversized for easy access
- ABS backing used to receive self tapping screws and bolts
- Aluminum framework fabricated in-house, sand blasted then powder coated using premium marine grade materials
- Wire harnesses - manufactured in-house using marine grade materials
- Circuit protection - circuit breakers or fuses protect all electrical circuits
- Heavy-duty rub rail with 316 stainless steel insert and end caps
- 316 cast stainless steel and chrome plated fasteners for additional corrosion and stain resistance
- All hardware bedded or gasketed to resist corrosion
- Heavy-duty, welded bow and stern eyes, bedded and sealed in polyurethane
- Bronze high speed intake strainers
- Transhield™ shipping cover
