Summary/Description

The award-winning 340 is Back Cove's first-ever outboard-powered model. Her revolutionary hull design features Back Cove's proprietary Trailing Edge Lifting Surface (TRELIS) □ which gets her on plane faster and requires less horsepower than traditional hull designs. Capable of a 30-knot cruise and t

Her cockpit is meant for entertaining with an aft-facing seat that converts into additional salon seating. At the helm, her captain will enjoy 360-degree sightlines, surrounded by large opening windows for abundant light and air. To port, a comfortable mate's seat is the perfect perch while underway. When at anchor, the mate's seatback slides forward, creating an elegant and social U-shaped settee. To starboard and aft of the helm is the fully equipped on-deck galley with convection microwave, two-burner electric cooktop, and ample storage.

Below deck, the Back Cove 340 offers a comfortable queen-sized island berth outfitted with storage drawers and spacious outboard shelves. Aft of the berth, she features a split head and shower unit that ensures her owners are comfortable no matter how long their journey. Extra provisions, water toys, and other accouterments will find their perfect home in the Back Cove 340's sizable storage space, conveniently located beneath the salon sole.
