## Summary/Description

ANNE MARIE has been outfitted with larger Cummins engines, dual generators, and a Seakeeper stabilizer system - just a few of the many upgrades to this yacht. She is also equipped with a hydraulic lowering hard top for bridge clearances, making her the perfect yacht for the Great Loop voyage.

The 620 Trident series has been specifically designed to combine contemporary style with superior overall performance and is considered a fast semi-displacement yacht. Designed by award-winning naval architect, Ward Setzer, ANNE MARIE is efficient at both long-range cruising speeds and fast cruise speeds. The stand-up engine room and lazarette offer easy owner maintenance and ample storage.

ANNE MARIE has been outfitted with larger Cummins engines and a Seakeeper stabilizer system - just a couple of the many upgrades to this yacht. She is also equipped with a hydraulic lowering hard top for bridge clearances, making her the perfect yacht for the Great Loop voyage. She is ready for her next adventure!
