For an ultimate boating experience, this 2021 Boston Whaler 380 Realm redefines offshore cruising and fishing adventures.

Purchased new by this exceptionally detailed owner she was outfitted with the most desirable options! Gyroscopic stabilizer(with extended service plan), underwater LED lighting, teak bow table/sun lounge, Platinum underside hardtop, teak aft cockpit/helm deck tables, refrigerated coils, bow sun shade, retractable sunshade, theft deterrent/connectivity system, and Gemlux bluewater outrigger with carbon fiber pair to name a few. With her Oyster gray hull, she surely stands out both on the water and in the marina. FLIR, radar, and underside of hardtop were custom-painted grey to match the hull.

Quad White Mercury 300 HP V8 AMS engines (approx 140 hrs) with Joystick Piloting power this vessel. Thanks to the joystick docking system, you can hold your position with the touch of button(while waiting on a bridge or dock to open up), it also makes her a joy to handle around the docks.

This boat is also being sold with the balance of the following warranties:
