Summary/Description

The Riviera 68 SMY is the epitome of well thought out, practical cruising comfort in perfect safety. Many features make her ideal for open water, long distance cruising including enclosed flybridge, long range fuel tanks and a well laid out engine room.

The Riviera 68 Sport Motor Yacht is an amazing yacht which brings together superb sea keeping ability and practical yachting performance, coupled with fabulous build quality and a luxurious interior. Launched in 2019 to an experienced Riviera owner, 68/012 was specified to a very high level indeed, and was the first yacht with the reimagined mezzanine seating configuration, which has since become the standard.

Piloting this yacht from the enclosed flybridge gives one the impression of a much larger vessel, and all in the perfect quiet comfort that the enclosed bridge brings. There are many areas for relaxing and socializing on board and the split level cockpit gives room for simultaneous fishing or cooking, whilst others relax on the mezzanine lounges with a drink in shade and comfort.

The galley is central to the yacht and opens fully to the mezzanine; a delight for the chef who is no longer excluded from the conversation. the foredeck is a perfect place to enjoy an aperitif before dinner, or relax and see the stars once night falls.

Guest cabins are generously appointed and there is plenty of storage all around.
