VTE8500 50Hz
8KW
Hours: 25

Summary/Description

Exceptional Weekend Cruiser in Phuket - Now at a Reduced Price

CRYSTAL II is on the market, positioned as the quintessential cruiser for memorable weekends away. Now offered at a reduced price, this vessel combines enhanced performance with unbeatable comfort, making it a standout choice for enthusiasts and families alike.

The heart of CRYSTAL II, its Volvo drivetrain, has been extensively upgraded with numerous new parts and a cutting-edge joystick, simplifying navigation and maneuvering. Accessibility is a breeze with an electric lifting hatch over the aft cockpit for engine checks and maintenance. The integration of IPS pod drives further boosts her ease of handling, ensuring a pleasurable sailing experience for captains of all skill levels.

A brand-new Paguro generator, barely used, provides reliable power, while the latest navigational electronics, including Raymarine Axiom screens, fishfinder, radar, and a FLIR camera, enrich your voyages with state-of-the-art technology.

Positioned high above the water, the split-level cockpit offers protection from the elements with a three-sided enclosure and options for air conditioning or natural ventilation through strategically placed hatches. This setup ensures comfort and enjoyment, regardless of weather conditions.

The yacht's interior impresses with two guest cabins and two en-suite heads, providing ample space for guests. Recent additions include a new LCD TV in the salon and a well-proportioned galley equipped with excellent refrigeration and storage facilities.

CRYSTAL II has undergone comprehensive maintenance, including new anti-fouling, engine servicing, and prop speed application, ensuring her underbody is in peak condition for efficient cruising.

A new tender is on order, promising enhanced exploration capabilities and access to secluded spots.

CRYSTAL II is a robustly built vessel, refreshed in all the right areas to ensure she is ready for her next owner to take the helm. With her recent price reduction, comprehensive upgrades, and the addition of a new tender, she represents an exceptional value for anyone looking to explore the waters around Phuket in style and comfort.

Accommodations

CRYSTAL II features an en-suite VIP cabin forward, and a second cabin athwartships aft with two single berths that can be converted to be a double. This cabin also has access to an en-suite head and shower.

Exterior

The three sided enclosure for the cockpit and helm station make this a vessel that can be comfortably enjoyed in any weather. With hatches and opening ports for ventilation, as well as air-conditioning, she will keep you well protected from the elements.

The side decks from cockpit to foredeck are easily navigated thanks to plentiful handholds and high rails. The foredeck has a sunpad for relaxation and access to the anchor windlass and lockers.

Interior

The wide beam of the Tiara 4300 makes for a surprisingly spacious interior for a vessel of this size.

Stepping down from the cockpit, one enters a spacious lounge to starboard with a fully fitted galley to port. The floors are teak and holly and the quality timberwork continues throughout. Sofas are finished in leather and the galley tops are granite.

Entering the yacht from the transom, you find a split level cockpit which is safe and protected from the elements, with U shaped seating aft around a small table. This deck area lifts electrically to access the engine compartment.

Stepping up to the main cockpit one finds a raised seating area to port and the helm to starboard. This area is fully protected by a three sided glass enclosure with air-conditioning outlets to keep guests and owner cool.

New upholstery and covers in the cockpit are a nice touch and she is very comfortable and safe underway.

Galley

- Kenyon Electric Plate Stove
- Double Stainless Sink
- Toshiba Refrigerator
- Toshiba Deep Freezer
- Microwave Oven
- Wine Fridge in the cockpit

Refit

CRYSTAL II has been well maintained by the current owner and receipts are available to show the significant improvements that have been made over the last few years. Money has been spent in all the right places, notably servicing and upgrading the Volvo IPS drivetrain, new joystick, new generator and fresh cockpit upholstery.
