Summary/Description

The 27 Islander is roomy enough for day-tripping with a large family or a comfortable week of cruising for a couple.

The 27 Islander is roomy enough for day-tripping with a large family or a comfortable week of cruising for a couple. Behind her gracefully flared bow, she carries a 10'3" beam on a hard-chine hull that rises easily onto plane with upgraded twin 200hp Suzuki outboards. This 2023 model is rare in that it has the aft bulkhead which truly gives you protection from the elements if needed and also the ability to extend your cruising into all of the seasons. Owner's change of plans has made this beautiful new boat available for immediate delivery.
