Accommodations / Walkthrough

ABILITY is the desirable Owner's version with three cabins down and combination galley / main salon on the main deck. To starboard are two cabins, each with a private head and a shared shower between. The owner's hull is large and open with large private head and shower.

Main salon is bright and open with abundant social space for the entire ship's company. The aft deck is where much of the cruising lifestyle is enjoyed and, with side curtains, can be enclosed or left wide open. Varnished dining table seats six.

The flybridge has a hard top bimini with 5 of the 7 solar panels mounted above. The flybridge also includes the single centerline helm with excellent sight-lines, Aft of the flybridge helm is a comfortable, L shaped seating in the lounge area, a great place to gather and enjoy the views.. A varnished teak table provides another dining option. A third refrigerator is also on the flybridge.

Salon

The salon/galley is a multi-purpose, social space with nav station, abundant seating for all and unobstructed views.

Galley

Galley is to port on the main deck, Components include:

- Three Vitrefigo fridge drawers (one on FB)
- Two Vitrefigo freezer drawers
- In counter fridge / cooler
- Double stainless sink with rinsing section
- Eno LPG stovetop
- Panasonic Genius microwave / convection oven
- Electric toaster and kettle
- Vitrefigo icemaker
- Full complement of galleyware with servings for six

Navigation and Electronics

- All Brooks and Gatehouse
- Zeus 3 plotter radar
- VHF
- Sailing instruments
- EPIRB
- Fusion Stereo w/ Bluetooth and Sirius FM

Engine and Mechanical Equipment

- Main engines: Volvo D2-50 with saildrive, 400 hours.

- Air conditioning: Frigomar 4 units – 40,000 BTU total
- 7,000 BTU in guest cabins (2)
- 10,000 BTU in Owner's cabin
- 16,000 BTU in main salon
- Dessalator Duo (12VDC / 110VAC) watermaker – 100 litres per hour
- Splendide stainless washer / dryer combo

Electrical Equipment

Electrical system on ABILITY is the system of the future, innovative and exceptionally efficient. Polar Power Supra 48VDC diesel generator (smoother and quieter than an AC generator) charges batteries directly and provides the inverter with whatever additional power is needed.

Of note, with appropriate sun exposure, the silent solar array will power the main salon air conditioning while maintaining a 100% charge.

- Seven Solar Panels at 375W each, for 2625 Watts
- Victron Energy MPPT Lynx Power 1000
- Smart Solar Charge Controller MPPT 150 / 100
- Victron Energy R5 Smart Solar 48V / 6000 amp inverter
- Victron Autotransformer 120 / 240/ 100 amp

Deck and Hull

- Hardtop
- Carbon helm wheel
- Rocka 33KG anchor
- Bridle and chain hook
- 225' 3/8" chain
- Stern anchor w/ rode
- Docklines / 8 fenders
- Offshore raft / PFD's
- Flex-I-Fold props with PropSpeed
- Brackets for dive tanks
- Transom shower

Sails / Rigging

- Selden mast & boom
- In-mast furling mainsail 2022
- Roller furling Jib 2022
- Tradewind sail (lightly used)
- Lewmar electric winch
- Much new running rigging

Remarks

The Nautitech 46 Fly is a performance-oriented catamaran. She has a foam core construction and is almost 10k pounds lighter than many other catamarans in this size range. Many popular brands in this range emphasize comfort. We urge any interested catamaran buyers to consider weight and keel design while shopping. Performance of the Nautitech 46 under sail will not disappoint.

ABILITY has been lightly used and never chartered. Her three cabin arrangement offers generous space for all guests; the flybridge is the largest and most accommodating of any cats in this range.

With low hours, an innovative, cutting-edge electrical system, new sails and excellent maintenance, ABILITY is the best offering among all of the late model, flybridge catamarans.

Mechanical Disclaimer

Engine and generator hours are as of the date of the original listing and are a representation of what the listing broker is told by the owner and/or actual reading of the engine hour meters. The broker cannot guarantee the true hours. It is the responsibility of the purchaser and/or his agent to verify engine hours, warranties implied or otherwise and major overhauls as well as all other representations noted on the listing brochure.
