Additional Information

MAIN PROPULSION: The vessel is equipped with twin fresh water cooled MerCruiser 496 MAG gasoline engines, 375 horse power each. The outdrives are Bravo III, top of the line.

EXHAUST SYSTEM: The vessel's exhaust system consists of manifolds and risers with marine rubber exhaust hoses, double clamped to a Y-tube, exiting out the outdrive traditional exhaust hub.

FUEL SYSTEM: The vessel is equipped with 226 gallons of fuel, in two 113 gallon 5052 aluminum fuel tanks that are grounded and vented overboard.

GENERATOR: The vessel is equipped with a 5 KW Kohler gasoline generator located starboard in the engine room. Model # 5ECD.

ELECTRICAL A/C: The vessel is equipped with a 30 amp 125 volt dock cord to supply power to the vessel while dockside. The main A/C distribution panel is located inside out of weather. The panel is two legs with amp and volt meters including reverse polarity. The outlets are interconnected GFCI ground fault protected receptacles.

ELECTRONICS: The vessel is equipped with quality electronics that include SmartCraft engine data monitor, electronic engine controls, DOC joystick, windlass remote, Sony stereo system with speakers, Fahrenheit DVD player, Insignia flat

panel television in the aft seating section, and a Vizio flat panel television in the main salon.

INTERIOR NARRATIVE Entering the vessel from the bridge deck sliding door down four steps to immediate port is the private head with a fresh water flush device and stall shower. Back out to starboard aft is a L-shape seating area that becomes a double berth with a private curtain. Moving forward to midship port is the galley with a stainless steel sink, LG microwave, Kenyon two burner electric range, and Dometic refrigerator/freezer. Opposite to starboard is a long dinette seating area with an adjustable fold out maple dinette table. All the way forward is the V-berth with a double island berth including port and starboard hanging storage lockers. The teak and holly woodwork.
