Fan Tail is an amazing Sportfishing yacht that has been immaculately maintained by a professional crew. Sporting a designer interior with a huge cockpit and a fully enclosed bridge, the sleek Cheoy Lee 70 sportfish remains one of the more aggressively styled big sportfishing yachts in the current marketplace. Built on a double V bottom and Carolina flare bow, the ride is soft and dry. With more than a 20-foot beam, it's hardly a surprise to note that the overall accommodations of the boat rival those of a large motor yacht. The cockpit is fitted with in-deck refrigerated fish boxes, 7 scoop live bait well, (4) tuna tubes, Eskimo ice chipper, and direct access to the engine room. Topside, the heated and air conditioned enclosed bridge is very spacious and offers big boat sky lounge amenities including settee, wet bar, and three custom helm chairs.
