ACCOMMODATIONS / WALKTHROUGH

As you step aboard the boat, the open aft cockpit with L-shaped seating invites you to relax, the door to the salon can open to provide a flowing atmosphere between the interior and exterior spaces. The exterior cockpit also has sun protection via frame and Bimini.

As you walk inside you have your galley and helm to starboard and your salon space to port. The galley has a counter top that folds up and down depending on if the galley is in use or if you are in entertainment mode. A lovely feature to give you more simplicity when you are not preparing anything in the galley. The helm controls are straightforward and the dashboard is elegantly arranged. On the starboard side, there is a sliding door out to the side deck from the helm, for easy access to the exterior.

The salon has a convertible settee and a convertible seatback which can also create a forward facing seat for cruising. Plenty of outlets and storage throughout the salon and galley.

The two cabins below are incredibly spacious. As you go down the few steps forward, to your starboard is a bright open head, forward is your full beam master stateroom with king bed and to starboard /down aft is your guest stateroom with king sized bed as well.

On the exterior, you can walk comfortably around the starboard side, and access your anchoring equipment, docking cleats and sun pad on the bow.

Last but not least, we have the fun and spacious swim platform and swim ladder. There is a shower attachment for rinsing off in the locker aft. Here, you also have access to your storage compartments and shore power outlet.

SALON

Fully enclosed salon is designed to provide protection while also letting in ample light. When you want to have privacy, there are custom curtains which can close throughout the salon. The Sunroof provides full sun, open air or shade with protection from the elements. There is a convertible dinette table to port as well as a settee that can also act as a "co-pilot" style forward facing seat. Plenty of storage beneath the settee seats and easy access to maintenance throughout.

GALLEY

- Fold Down Countertop to cover galley when not in use
- Two Burner Electric Stovetop
- Microwave (Danby Designer)
- Stainless steel sink with fresh water
- Fridge
