Summary/Description

-

ACCOMMODATIONS / WALKTHROUGH

The guest head offers a separate shower space and a door to the hall offering it up as either a private en-suite head or a spacious day head.

Aft and down a few small steps is the Master Stateroom and Master Head. This impressive full beam layout allows for a walkaround standard Queen berth and generous storage throughout the cabin. The private master head also has a separate shower space and again, lots of storage for full liveaboard capabilities. A companionway door with watertight hatch opens up to the aft deck.

Exterior spaces include the aft deck, full walkaround side decks, bow area and flybridge. The flybridge is perfect to sit and have a beverage with your friends, a romantic dinner with a spouse or just to sit and take it all in! There is a helm station on the flybridge to steer the yacht from as well as a "co-pilot" seat. There is a teak table and L-Shaped settee which can easily seat four people.

SWAMP FOX has a classic Herreschoff style interior with a teak and holly cabin sole

The bright and open salon features the interior helm station to starboard, helm seat which can fold down to act as a table. Sliding doors on port and starboard provide quick access to the full walkaround side decks. Forward to port is the desk/chart table. Comfortable U shaped settee with adjustable table with folding leaves

Moving forward and down a few steps, you have your galley that is open air to the salon and the ample light that the forward dash window provides.

Forward from there is the VIP stateroom and guest head. This stateroom has a large V-Berth with insert, ample drawer & locker storage throughout, two large hanging lockers and ventilation with opening porthole windows and a hatch above the berth.
