Stock #: d653d49e-ecb6-ee11-a569-0022480a6eaa

## Engines/Generators

### Engine 1

Caterpillar  
CAT 3208TA  
Inboard  
275HP  
Fuel: Diesel  
Year: 2000

### Engine 2

Caterpillar  
CAT 3208TA  
Inboard  
275HP  
Fuel: Diesel  
Year: 2000

### Engine 3

Northern Lights  
16KW

### Engine 4

Northern Lights  
8KW

## Summary/Description

-

### ACCOMMODATIONS

Currently at Pier 66 in Fort Lauderdale for viewing March 13th-16th. The look of this Grand Alaskan is classic. Her lines are traditional and her layout is functional yet spacious and comfortable. The Arthur Defever hull design matched with the beautiful interior styling make for a perfect home-sweet-home on the water.

Stepping through the two aft doors from the aft deck is the salon. The updated Salon windows and two aft doors allow plenty of natural lighting and ventilation. Aft and Port settees allow for comfortable seating.

Moving forward from the salon, the galley features a breakfast bar/serving bar/work space. This beautiful granite countertop separates the galley from the salon. This design allows the galley to be included with the social activities in the salon.

Up forward and starboard of the salon is the pilothouse. Featuring an L shaped settee & table behind the helm which can also convert into a berth. Two side deck doors are located to port and starboard along with an aft sliding door for access to the upper deck.

Forward and down a spacious staircase from the pilothouse are the VIP and guest staterooms. There is a large guest head with separate shower stall located to starboard.

Up from the pilothouse is the Flybridge. There is plenty of seating for guests with storage underneath each seating location. A grill and bar set up allow for seamless entertainment.

The engine room is well lit and well thought out with room to move around and access to all systems. The engine room and lazarette can be accessed by the aft deck hatch or from a door in the master stateroom. Soundproofing through out the engine compartment makes for quiet boat underway.

The Portuguese Bridge and large flared bow forward allows for a clean work space on deck along with space for casual seating forward. Her spacious swim platform has steps that head up to the aft deck. A perfect tool for swimming, diving, snorkeling, kite boarding or simply just pulling up alongside with the tender. She has wide and functional walk around side decks and an aft deck large enough to bring your friends along. Her beautiful, varnished teak trim and cap rails add to her traditional feel. All varnished cap rails include custom covers.

### SALON

- Teak Blinds
- Central Vac system
- Central Air conditioning & heating
- Entertainment center with stone granite top
- Adjustable high low table with two leafs
- Ultra suede upholstery
- Leather chair with foot rest
