- Electric Bimini

Manufacturer Provided Description

There's an undeniable presence about the all-new S65, with her slender streamlined form that somehow also exudes a predatory air. A lightweight deep-V hull delivers on this promise with breathtaking agility up to 38 knots. When at anchor, peacefulness descends onto her generous well-appointed deck areas, whilst her hydraulic bathing platform and 3.3m tender garage become the perfect base for watersports. Her spacious interior accommodates up to eight guests across four state rooms, three of which are en suite.
