Summary/Description

For Sale

As the legendary builder of the finest sportfishing yachts in the world, Viking presents a new breed of center consoles, the Valhalla Boatworks V-series.

The V-41 is the result of the cooperative effort of the Viking design and engineering team, and Michael Peters Yacht Design. The V-series utilizes a stepped-V ventilated tunnel running surface that reduces drag while increasing speed, stability and efficiency. The model presents proud bows, gently sloping S-shaped sheers, double forward chines, helm pods, raised toe rails and mezzanine seating.

The V-41 is equally adept and equipped for coastal offshore ventures. This model not only boasts the latest in hull design, they are also equipped with cutting-edge fishing equipment and innovative deck designs for storage of rods, gear, tackle and bait. The captain will enjoy excellent visibility through frame less wraparound Costa Clear or tempered glass windshields. Lleboc or optional Release Marine individual helm and companion chairs provide flip-up bolsters and armrests.

On deck, a raised transom livewell, in deck fish boxes, rod holders, port dive door and an abundance of storage space are just a few of the standard features on the V-41. Also featured is a forward console lounge and optional port and starboard forward seating with forward facing backrests. The consoles of the V-series boats will feature rod storage, a head, sink, and access to electronics, electrical distribution panel and other critical components.

Call today to speak to one of our Valhalla Boatworks specialists about this V-41 model or any other model of interest.

Sistership Provided Photos and Video.

Engine Options

Mercury 400s, 450Rs or 300s; a triple installation of the new Yamaha 425s; or a trio of Mercury 400s or 450Rs
