The Sunreef 60 "LOFT" - Differentiators

The Sunreef 60 LOFT version, launched by Sunreef Yachts, stands out for its unique combination of luxury, compact design, and advanced technological features. Here's an overview of what sets this version apart:

1. **Ready-to-Sail Luxury Concept:** The Sunreef 60 LOFT is designed as a 'prêt-à-porter' (Ready-to-Go) luxury yacht. Offering a fully equipped and ready-to-sail experience. This approach is based on Sunreef's extensive experience and understanding of owners' needs, ensuring that all essential options and equipment for comfortable sailing and living on board are included.
2. **Construction and Design:** The LOFT version maintains the high quality of construction and customized luxury finishes characteristic of Sunreef catamarans. However, it translates these features into a more compact and light vessel, making it more maneuverable and akin to smaller catamarans in handling.
3. **Spacious and Elegant Interiors:** The yacht can comfortably accommodate six guests in three spacious cabins, with additional quarters for two crew members. The interior design elegantly combines light-colored upholstery, light rustic oak floors, and Canaletto walnut furniture with black high-gloss panels.
4. **Technological Features:** The Sunreef 60 LOFT is equipped with a mast and canoe boom, both made in-house, and features a square top main sail. Its sailing gear is smartly placed within easy reach of the flybridge, and the yacht includes electric winches, two Yanmar 110 HP engines, and an davits system for launching the dinghy.
5. **Comfort and Accessibility:** The cockpit and saloon are on the same level and connected by a large sliding door, enhancing the impression of a seamless space. This layout contributes to the yacht's accessibility and ease of movement between different areas.
6. **Fully Equipped Galley:** The open galley, equipped with appliances, is located in the portside hull and directly connected with the saloon, facilitating social interaction and the culinary experience.

In summary, the Sunreef 60 LOFT version is distinguished by its luxurious yet practical design, advanced sailing capabilities, and ready-to-sail concept, catering to those seeking a high-end, comfortable, and user-friendly yachting experience.

The Sunreef 60 LOFT - Details

The Sunreef 60 LOFT, a model initiated by Sunreef Yachts in 2014, is distinguished by its technical capabilities and the innovative placement of its navigation station. Here's a detailed overview:

1. **Dimensions and Displacement:** The yacht has a length of 18.29 meters (60' 1") and a beam of 9.20 meters (30' 3"), with a draft of 1.58 meters (5' 3"). It has a displacement of approximately 32 tons at half load.
2. **Performance and Handling:** The Sunreef 60 LOFT is equipped with a single-masted rig and a keel of a specialized design. It includes a main sail of 110 square meters and a genoa of 90 square meters. For enhanced performance, it also features a gennaker and spinnaker, significantly boosting its sailing capabilities.
3. **Interior and Navigation Station:** The interior of the Sunreef 60 LOFT includes a fully equipped navigation station located in the salon. This placement allows for efficient management of the yacht's course and systems from a central, sheltered location, which is particularly beneficial in harsh weather conditions. The yacht's interior design features a modern aesthetic with a choice of different veneers and flooring options, providing an elegant and comfortable environment.

4. **Entertainment and Technology:** The yacht is extensively automated with a system for lights, air conditioning, DC, and other controls. It also boasts an exclusive entertainment system with iPod control function, delivering excellent surround sound both inside and outside. Waterproof speakers are connected to the salon B&O system, extending the entertainment to the cockpit and flybridge.
5. **Outdoor Features:** The Sunreef 60 LOFT has large swimming platforms, a cockpit lounge area with comfortable sofas, sunbathing mattresses, a dining table with chairs, and storage compartments for water toys and gear. Its efficient dinghy launching system and room for a large 4.2 m tender with a powerful outboard engine make it ideal for various water sports.
6. **Automation and Comfort:** The yacht's automation systems facilitate comfortable lighting control (both deck and interior) and energy levels monitoring. Electrically recessed blinds add to the ease of creating the desired ambiance on board.

The Sunreef 60 LOFT exemplifies a fusion of luxury, performance, and technological sophistication, packaged in a compact and elegant design, well-suited for both long voyages and leisure cruising
