Summary/Description

The Silverton 330 Sport Bridge has a single-level floorplan that offers incredible space for family fun. There is plenty of natural light, and the cathedral ceiling will make passengers think they are on a much larger vessel. The 330 handles like an express boat and lives like a motor yacht.

Brand New to Market!

More Info and Pictures Soon!

The Silverton 330 Sport Bridge has a single-level floorplan that offers incredible space for family fun. There is plenty of natural light, and the cathedral ceiling will make passengers think they are on a much larger vessel. Up a few wide, molded steps is the large flybridge that is comfortable for cruising, and perfect for partying. The 330 handles like an express boat and lives like a motor yacht.

With twin Crusader engines standard, she enters the sea lanes with confidence. The light and airy cabin integrates a sweeping sofa, high-gloss dinette table, upholstered settee and a modern galley. Converting to a double berth, the dinette testifies to Silverton's imaginative space utilization; the 33' boat can sleep five. Cabinetry, bulkheads and doors are finished in cherry. The large stateroom, forward in a fluid single-level layout, is a comfortable place of retirement for owners of this elegant expression of Silverton style. The head, with stall shower and electric toilet, serves the entire boat. The oversized bridge and sunpad are as inviting to owners and guests as the gracious interior spaces. Silverton's unique SideWalk® permits safe transit from flybridge to foredeck, whose uncluttered and streamlined aspect is enhanced by the below-deck windlass. The 330 Sport Bridge is equal to your vision of the good life and Silverton's of exceptional value.
