Robalo has just arrived in our yard this week. Extremely clean boat, low hours, trailer and newer electronics, fully loaded and ready to go.

Robalo has just arrived in our yard this week. Extremely clean boat, low hours, trailer and newer electronics, fully loaded and ready to go.

Manufacturer Provided Description

Sporting a Reel Deal price including a 200 hp Yamaha and a trailer, the 226 Cayman has a big boat feel and is perfectly suited for a wide variety of conditions. Go ahead and fish the flats or venture outside the harbor offshore. Sporting a 22'6" centerline with a 8'6" beam, the 226 Cayman S gets it done with dry-riding freeboard and an efficient 15 degree variable deadrise Hydro Lift bottom design. Engine options up to a 250-hp Yamaha are available. Additionally, the 226 Cayman S is one of the few boats in this size range that features a fully-enclosed walk down compartment that serves as a privacy head with the addition of an optional porta-pottie. Rigged to meet the rigors of saltwater environments, the 226 Cayman S showcases Kevlar reinforced construction, complete stainless steel hardware and a ceramic cored transom for added strength and durability.

Dash/Electrical

- 12V DC Receptacle on Dash
- 12V Wiring Buss
- Aluminum Panel with Weatherproof Stainless Steel Round Switches and Circuit Breakers
- Bilge Pump with Automatic Switch
- Digital Gauges
- Electrical Connectors Triple O-Ring Sealed and Water Tight
- Lighted Compass
- Navigation Lights
- SeaStar Tilt Hydraulic Steering
- Stainless Steel Steering Wheel with Control Knob
- Wiring for 24 or 36 Volt Bow Trolling Motor

Console

- Access Into Console from Forward Side
- Aluminum Framed Acrylic Windshield With Stainless Steel Grab Rail
- Fiberglass Console Door - Hinged
- Forward Console Seat and Bolster
- Integrated Dual Level Footrest
- Stainless Steel Console Grab Rail
- Stainless Steel Drink Holders (2)
- Storage on Top of Console with Drains
