Summary/Description

Mountain High was originally built as one of the most customized 64' Vikings and has been continuously maintained throughout the years. Featuring 4 staterooms and 3 heads allows comfort for all guest aboard for extended travels.

Mountain High was originally built as one of the most customized 64' Vikings and has been continuously maintained throughout the years. Featuring 4 staterooms and 3 heads allows comfort for all guest aboard for extended travels. The interior was tastefully chosen with upgraded flooring, granite countertops, and a raised panel teak finish on the cabinetry. The upgraded MTU 16V2000 power will push her to speeds close to 38kts. The owners plans have changed and all reasonable offers are encouraged. Quality trades to be considered.

Salon

- CruisAir heating and air conditioning with digital control
- Dimmer controlled lighting
- White trim interior lights
- Electric salon door opener
- Carpet runner
