Engine 1

Mercury Verado
Outboard 4 Stroke
300HP
Fuel: Gas/Petrol

Engine 2

Mercury Verado
Outboard 4 Stroke
300HP
Fuel: Gas/Petrol

Summary/Description

Yellowfin's Center Console offers serious performance in a hard-core package. Factory test of the 32 with a pair of Verado 300 outboards produced a top speed of 60.9 miles per hour at 6,050 rpm.

The large console on the 32 comes standard with a T-top and overhead electronics box, twin livewells, including a 100 gallon pressurized tank incorporated into the leaning post and another 50-gallon tank in the transom. Twin saddle fish boxes with 600 quarts plus capacity each are housed in the cockpit deck.

Design and Construction

Most of the hardware outfitted on the Yellowfin comes from Gemlux - a high-quality metals manufacturer.

- Stainless-steel pop-up bow light
- 2-inch stainless gas fills
- Stainless thru-hulls and ball valves.
- Yellowfin also laminates its boats with Core-Cell composite for superb strength without additional weight.
- Every hatch on the boat has a shiny gelcoat finish from top to bottom and sports a gasket for watertight integrity.
- The high quality electrical connections consist of tinned copper wiring with waterproof Deutsch connectors.

Standard Equipment

- Side console entry door
- (6) Drawer tackle center on starboard side of the helm seat
- Foldout trash can on port side of the helm seat
- (2) Cup holders
- Pull out boarding/swim ladder on stern
