Summary/Description

The Pursuit S 280 boasts striking aesthetics paired with outstanding maneuverability and speed. Standard features include luxurious teak accents, a fiberglass hardtop with integrated lighting and storage, a premium Clarion stereo system, and canvas curtains for helm protection in adverse conditions.

Pursuit S 280

The S 280 features stunning good looks combined with exceptional handling and performance. Its long list of standard features includes rich teak accents, a fiberglass hardtop with a white powder coated aluminum frame, an overhead electronics box, an overhead storage bag, integral overhead interior lighting, three spreader lights, a Clarion AM/FM/CD stereo, complete with an MP3/Ipod jack, remote and four stereo speakers. Even front and side helm canvas curtains are standard for a dry, comfortable ride even in inclement weather.

The helm features a split leaning post with flip up helm and companion bolsters and fixed arm rests for comfortable operation from a seated or standing position. For one of the most comfortable rides on the boat, deploy the folding aft stern seat, sit back and hold on. Strategically-placed cushions provide lumbar support while you're seated and function as essential coaming pads when the seat is not in use and folded flush. The console affords lockable storage and conceals a head compartment with holding tank, pump out and macerator.

Hull, Deck, and Cockpit
