Max Passengers: 12

Bow Thruster: Yes
CE Certified: Yes
Builder: Hatteras Yacht

Engines/Generators

Engine 1

Caterpillar
C32
Inboard
1650HP
Fuel: Diesel
Hours: 1920
Hours Date: 03-01-2022
Year: 2008
Location: Port

Engine 2

Caterpillar
C32
Inboard
1650HP
Fuel: Diesel
Hours: 1920
Hours Date: 03-01-2022
Year: 2008
Location: Starboard

Generator 1

ONAN
25KW
Hours: 2500

Generator 2

ONAN
25KW
Hours: 2000

Summary/Description

Accommodations include a four-stateroom, three-head layout featuring a port-side master with forepeak VIP arrangement. Twin 1,650-hp CAT engines allow a top speed in the range of 37 Kn. Price ex commission fees.

To take the rigors of offshore tournament action, the 60's bottom is a solid-glass laminate, while her hull sides, decks, and superstructure are cored with PVC foam that yields greater stiffness and strength with less weight. She features a variable-deadrise hull form; convex bow sections will ensure a soft ride in heavy seas, while relatively flat aft sections will offer an efficient lifting surface with minimum drag. Double chines along the full length of the hull work in conjunction with exaggerated bow flare to knock down spray. Large propellers are tucked into deep tunnels at the stern for maximum efficiency, minimum vibration, and reduced draft. Accommodations include a four-stateroom, three-head layout featuring a port-side master with forepeak VIP arrangement. Twin 1,650-hp CAT engines allow a top speed in the range of 37 Kn. Price ex commission fees.
