Summary/Description

To be.

CONMAIONESE is definitely one of the "Custom Fishing Machine" that has most excited deep-air fishing enthusiasts in Italy. Built by Ocean Tech in the USA, with interiors designed by Nauta Yachts, this beautiful 40' built in 1992, was completely re-established in 2003 by the Servimar Shipyards of Cervia and then, in 2012-2013, repainted in straw yellow with the revision to zero hours of the engines together with the installation of a 3.5 Kw generator. The facilities have been overhauled and, if interest, the full list of upgrades is available. The boat is currently on land, in the pipeline in Olbia, in preparation for another great fishing season.
