Hull Material: Fiberglass

Hull Shape: Modified Vee

Fuel Tank: 60 gal (227.12 liters)

HIN/IMO: LSC000000024

## Engines/Generators

## Summary/Description

Introducing the Rambo 22 - The newest model joining the Rambo family with gas and electric outboard options.

Introducing the all-new Rambo 22. We are thrilled to add this highly anticipated model to the Rambo fleet. The 22 follows in the footsteps of the infamous Rambo 27, using the same proven construction methods. It is ideal for inshore activities and can be configured with multiple seating configurations as well as hard or soft top options. Like its predecessor, the 22 is built to last. Hull #2 was designed as a custom electric freshwater vessel. It is an extremely unique vessel in its class having both electric and gas-powered outboard options. We are excited to see the Rambo 22 reputation flourish, just as it has for the 27.
