Summary/Description

The Polycraft 300 Tuffy has a maximum rating of 15HP and is a stable tender designed with impressive fishing features, a casting deck, and dry storage compartments.

Customizable Boat: Tampa Bay

The 300 Tuffy is the perfect tender boat for 3 people to comfortably get to shore or navigate the local waterways. The Tuffy also doubles as a stand alone fishing vessel as it cruises in the shallowest waters. At 10' long and 5' wide, the 300 Tuffy is the tender of choice for many boaters and fisherman alike. Best of all, it only weighs 238 lbs.

The Polycraft 300 Tuffy has a maximum rating of 15HP and is a stable tender designed with impressive fishing features, a casting deck, and dry storage compartments. Available in several colors, the Polycraft 300 Tuffy is a durable, well-equipped tender ideal for recreational use or as a ship-to-shore boat. Standard features include recessed tow eye, cleat, anchor well with drainage, passenger hand rails, two rod holders, aft seats with storage and nonskid surface, alloy transom plate, aft step, nonskid deck, and casting deck with storage and nonskid.

The new and improved 300 Tuffy still keeps the DNA of the Tuff Tender regarding its incredible stability while also adding improved features with fisherman in mind with extra storage facilities and casting deck. The cast deck and rear seats all have usable storage with water repellent raised lips to keep things dry, and the hull shape has been improved for better performance.

All the internal and gunwale surfaces are non-slip, and the hand rails are more usable than its predecessor. Other features include through hull drainage in anchor well, easy boarding via the larger rear steps, drainage channel on floor, divider option for front storage compartment, wide gunwales and a recessed tow eye.
