Salon

The Salon features a large open space finished in High Gloss Raised Panel Cherry woods, custom fabrics, custom imported granite, and High-end Fabrica carpeting. Custom blinds, Custom TV location, Internal stair, Commercial icemaker and a beautiful inlaid custom table make the space warm and comfortable. The standard layout featured a TV location under and aft of the internal bridge stair, but to provide better viewing the new QLED TV was moved to the area above the dinette. This left an area under the stair for storage and continues to hold the Stereo equipment and DVD recorder.

- Fabrica Carpet
- Custom Granite
- High Gloss Raised Panel Cherry Wood
- Custom Blinds
- Dark tinted windows
- Commercial Ice Machine
- L-Shaped Leatherette Sofa w/ storage
- Internal Bridge Stair
- Custom storage
- GFCI Outlets
- 24V dimmable lighting
- Custom Designer Lamp
- Full Glass Panel Door
- New interior flooring installed throughout boat (Amtico light wood)

Galley

Located on the forward port area of the salon, the galley offers everything needed to prepare a gourmet meal or a simple sandwich. Beautiful custom counters cover two Subzero units (one freezer, one refrigerator) and provide the support for a 4 burner glass cooktop and designer sink and faucet. The backsplash cover is the same granite and hides a full extension storage drawer. Above the sink and cooktop, raised panel doors cover two full extension drawers and the Sharp Convection Microwave. Under-counter lighting and a continuation of the salon lighting provide abundant light for preparation.

- SubZero Refrigerator
- SubZero Freezer
- Sharp Convection Microwave
- 4 Burner glass cooktop
- Designer Sink and faucet
- Disposal
- Under-counter lighting
- Amitco teak and holly flooring
- Custom granite
- Raised panel High gloss Cherry cabinetry Full extension drawer storage

- Furuno RD30 aft bridge
- Clarion Stereo with XM Radio
- FLIR night vision
- Dual Garmin Chartplotters
- (2) Garmin GPSmap 740
- Sidepower Bow Thruster
- Dual Station Sidepower Control Toggles

Engines

Tough, reliable C30 Cats power this Hatteras. They have proven to give very good service and comfortable cruise speeds around 30 kts. Oil changes have been performed at or before all schedule intervals and all scheduled maintenance has been performed on time or before. The engine room is well lit with both AC and DC fixtures. There are mechanical gauges, blowers, oil change systems and painted surfaces to make the engine room easy to work in.

- Dual Racor Main engine filters with cutouts 21.5 KW Onan Generator

- New port side Onan Generator installed 2016 Mechanical engine gauges in engine room Fuel Priming Pumps
- Fuel Transfer system
- New engine room camera in 2019
- New CAT coolant flush w/ anodes in 2018
- Trans coolers flushed in 2019
- Heat exchanger, acid flush, and impeller replacements on engines in 2021

Mechanical

If one thing can be said about a Hatteras it is that the electrical systems are the envy of the boating community. AC and DC remain separated within the boxes so it is difficult to cross the two. Wires are tin coated copper to provide superior conductivity and resistance to corrosion.

- Air Compressor
- Isolation Boost Transformer
- 3700 gph Bilge Pumps
- UL Marine listed Fuel tanks covered in fire retardant paint
- Holding Tank with 24V pumpout and alarm
- FDA approved water tanks
- Raw Water Washdown
- Freshwater Washdown
- Rubber deck mat in engine room
- Sealed shower sumps
- Rebuilt AC pump head

- Resealed rudder shafts
- Props reconditioned in 2016
- New hot water heater in 2019
- Installed Bowman hatches in bridge with new headline in 2020
- New bunk room AC replacement in 2020
- New salon, bridge, VIP, and master stateroom AC replacement in 2021 AC duct replaced and new vent access for maintenance created in 2021

Hull

Built on a solid fiberglass bottom and cored hull sides, Hatteras has produced one of the toughest boats ever built in the 60' range. She combines good speed, great handling, fantastic seakeeping and a comfort factor that is hard to achieve in a production boat. Great care has been taken to keep this 60 in first class condition.

- Isophthalic Gelcoat
- Blister resistant vinyl ester resin
- Awlcraft 2000 Paint
- Aluminium Railings
- Trim Tabs
- "Drychem" Fire Suppression
- Manganese Bronze Rudders
- Central Vacuum

- Insulation
- Pultruded Fiberglass rudder shelf
- Danforth Anchor
- 316L Stainless Steel Cleats
- Powder Coated grab rails
- Aluminum Bridge ladder w/ white treads
- Polyethylene Water lines and manifold
- Shore cord with "CableMaster"
- 30 Gal Hot water heater
- Eskimo 600# ice chipper
- New transom underwater lights in 2019
- New side underwater lights in 2020
- Bow thruster installed in 2016
- Rub-rail up painted Awlgrip Cloud White in 2016

Cockpit

The 151 square foot cockpit provides ample room for fishing and houses every convenience to fish with. It received all new teak flooring in 2017! The tackle center is to port with a sink and pull-out fixture. 4 storage doors are under the sink and hidden behind a flush fitting door. The large freezer is beside the tackle center and centerline. Engine room access comes next, followed by the salon door, with storage and a drink cooler in the steps. On the starboard side is the large bin for the ice machine to dump into. Everything is painted white, providing a clean, comfortable place to manage the cockpit. The washdown water is hidden behind doors as are the electrical connections. Cockpit coaming padding runs from the pilasters. The transom fish box gives additional storage when the large in- deck fishbox is full. Transom door, rudder access hatches and a large fighting chair round out the cockpit.
