**AVAILABLE UPON REQUEST: Refit Reports - 2023 New Teak Deck Pictures - 2023 Bottom Job Pictures - Complete Photo Brochure**

## Specification

### WALK-THROUGH

U Wish offers an extremely high level of comfort throughout that accommodates 9 Owners/Guests in 4 staterooms. Exquisite Al-Fresco dining on the aft deck with adjoining lounging areas. The versatility is endless, no matter where you decide to relax and enjoy your time while onboard.

Part of the 2021 refit renewed almost all of the interior, with the wall and ceiling treatments in custom leathers, Ultrasuede, with coordinating high-end fabrics and furniture finishes. All windows have electric fabric shades. The light color theme and clean design are accentuated by the natural light that pours into the salon and carries through the rest of the yacht.

Starting on the aft deck, a dining table with settee and chairs is followed by a large sun pad area. Further aft are stairs on both Port and Starboard sides leading down to the swim platform and garage. The aft deck is equipped to be shaded using 2 large umbrellas or overhead bimini shade.

Through automatic glass doors, you enter the Main Salon. Your entertaining options are endless, if you decide, you can leave the doors open to combine the aft deck to the main salon and with the retractable roof and large windows combine the outside with all the luxuries and comforts within. Incredible, the salon is furnished with sofas port and starboard as well as ottomans, all with storage beneath. Forward is a customized wet bar with a fridge, icemaker, and a wine cooler to port. This area is separated from the helm by a custom-designed glass partition.

The bow and the forward deck is another fun getaway during the day or night. There you will find a large sun pad with pillows, music, and 2 umbrellas for shade if needed during the day.

Forward through the main salon along the starboard side is access to the Owner's and Guest's Staterooms. The Master is located amidships, a VIP cabin forward, a Double cabin to port and Twin cabin with Pullman to starboard. All staterooms have private ensuite heads, stall showers and a private safe.

The Master stateroom is full beam, features a centerline king-size berth, sofa to port, desk that converts to vanity to starboard, and a large ensuite head with dual sinks and stall shower. There are also two large closets and drawer storage throughout.

Forward of the Master to port is a Double Guest cabin with a closet and ensuite head and stall shower aft. To starboard is a Twin Guest cabin with Pullman, also equipped with a closet and ensuite head and stall shower aft. The head for this stateroom doubles as the Dayhead with easy access from the Guest Companionway.

All the way forward is the VIP stateroom with centerline Island Queen Berth, closets port and starboard, and a very spacious split ensuite head to starboard and stall shower to port.

The Galley and Crew's quarters are located below and accessed by separate stairs in the aft port main salon. The Galley is located immediately to port with crew mess aft and stacked washer and dryer. To starboard are 3 crew cabins with 2 heads. A watertight door aft leads to the engine room.

## MAIN ENGINES

### Engine #1

Engine Make: MTU

Engine Year: 2007

Engine Model: 12V 2000 M93

Power: 1800 hp

Hours: 837 – 08/19/2022

Location: Port

### Engine #2

Engine Make: MTU

Engine Year: 2007

Engine Model: 12V 2000 M93

Power: 1800 hp

Hours: 972 – 08/19/2022

Location: Center

### Engine #3

Engine Make: MTU

Engine Year: 2007

Engine Model: 12V 2000 M93

Power: 1800 hp

Hours: 834 – 08/19/2022

Location: Starboard

## PROPULSION

- Reduction Gears - 3x flange-mounted reduction gears ZF model 3050 with a reduction ratio selected in accordance to Propeller supplier.
- Waterjets - 2x KaMeWa model 63S II connected to the output flange of the gearbox by means of a coupling supplied by KaMeWa
- Central Booster water-jet type 50 B

- Steering System – KaMeWa steering system

## **ELECTRICAL**

- 2x KOHLER model 33EFOZD marine generator, each having a capacity of 33 kW, 220/380 VAC, 50 Hz, three-phase.
- Hours – 08/15/2022 - Port 4097 - Starboard 3752
- ASEA Converter

## **BOW THRUSTER**

- Electric Bow Thruster – 35 Kw

## **FUEL SYSTEMS**

- Direct suction from Structural GRP Tank through two RACOR fuel pre-filter supplied by MTU.
- Fuel transfer via electric pump with separ filters to refine fuel before going to the tanks.

## **FRESHWATER SYSTEMS**

- Water pressure system: 2x Jet 518 pumps 380v
- Reverse Osmosis Watermaker – 2x Idromar 230 lph
- Hot Water Heater 3x 100LT

## **BLACK AND GREY WATER EQUIPMENT**

- Black water managed by Tecma System
- Grey Water managed by Tecma System
- Sewage Treatment Plant: 1x Hamann 40 gph
