2022 Gulf Craft Majesty Yachts 120

Gulf Craft's Majesty 120 is Honoured at the Design et al International Yacht and Aviation Awards!

Majesty Yachts is a line of highly customizable luxury super and mega yachts built by Gulf Craft Inc. Founded in 1982, award-winning Gulf Craft has built over 10,000 boats for a global list of clients. Majesty Yachts are known for their outstanding build quality and value, advanced technology, and for having a larger interior volume than other yachts in its class. High performance resin-infused composite sandwich construction is lightweight but stronger and stiffer than 100% fiberglass, and “creates a strength to weight ratio seven times stronger than steel or solid laminate” allowing Majesty Yachts to offer clients a bluewater yacht built to any international classification standard, such as ABS, RINA, BV, and Lloyd’s and comply with leading charter specifications. Increased volume is a benefit of its extensive use of carbon fiber and GRP composite in hull and superstructure construction, allowing larger vessel builds with more generous living space. The Majesty 120’s volume is 24.91 GT above the average for comparable yachts. Lighter weight results in significant performance advantages and fuel economy. The Majesty 120 is powered by twin 2636 hp MTU diesels capable of top speeds over 22 knots and a range of up to 2,700 NM at 8 knot cruise speed on her semi-displacement hull.

Gulf Craft’s Majesty 120 is a magnificent, state-of-the-art tri-deck superyacht featuring the naval architecture and exterior design of Gulf Craft’s in-house design studio and interior design by award-winning Italian design firm, Cristiano Gatto Design, credited with 49 other superyacht interiors in the BOAT Pro database. The commanding profile and signature hull windows are among Majesty 120’s distinctive features. Extensive use of tinted glass, including an ornamental glass railing in the side bulwarks offer an unparalleled enjoyment of life asea with panoramic views and abundant natural light.

The Majesty 120 was designed to satisfy the owner’s preferences for private getaways and effortless entertaining in luxury and comfort. Her well-designed deck layouts boast 30% more outdoor entertainment areas than comparably sized yachts, furnished for dining, lounging, enjoying cocktails, and features an enticing jacuzzi on the sun deck. The stern beach club cleverly doubles as a tender garage and a starboard side passerelle provides safe, easy boarding when moored. Up to ten guests can be accommodated in five luxuriously appointed private cabins belowdecks. The full beam master suite is forward on the main deck. Separate crew accommodations are forward of engine room and the captain’s private quarters are abaft the upper deck pilothouse.
