Summary/Description

2015/16 Hodgdon 10.5M (34') Venetian Limo Superyacht Tender "LEONARDO"

****Note:** This Hodgdon Superyacht Tender has been graciously donated to AMIKids, a nationally recognized charity helping troubled youth. It is available for a three-year interest-free lease with an option to those qualified. Vessel can NOT be used for commercial activity during the lease term. Contact the listing broker for information. **

Hodgdon 10.5M (34') Venetian Limo Superyacht Tender "LEONARDO"

Built to the highest standards by Hodgdon Yachts in Maine. She seats 11 guests in luxury with a 360-degree view when the hardtop is raised, equipped with a high-definition entertainment system, refrigerator, bar, and climate control. She exceeds speeds of 30 knots and offers sports car-like handling that is Rolls-Royce-esque smooth and quiet. The hull was designed by Michael Peters and the custom interior by Hodgdon Yachts.

Hodgdon Yachts, founded in 1816 by Caleb and Tyler Hodgdon, is a builder of superyachts, award-winning superyacht tenders, and specialized military vessels, based in East Boothbay, Maine. Hodgdon is family-run by the 5th generation and the 6th generation has become involved in recent years too. Over the past 200 years, Hodgdon Yachts has built over 430 vessels including some of the highest quality superyacht tenders afloat. Past superyacht builds include 80' "LIBERTY", 124' "ANTONISA", and 154' "SHEHERAZADE", as well as sailing superyachts from 20 to 50 meters.

"Our commitment is not only to deliver these expected levels of innovation and quality but to also support our tenders with the strength of a dedicated shipyard." Timothy Hodgdon - President of Hodgdon Yachts

Features

- Built in the USA
- Dramatic exterior paint scheme with chic leather interior and specialty wood veneer
