## Overview

The Sea Ray 370 Express Cruiser has a wide-open dual-level cockpit design, raised bridgedeck, and wide 14-foot 2-inch beam to provide a dry and safe ride.

On the bridgedeck, a power adjustable double helm seat, and portside double helm seat with aft-facing seat provide the captain and guests with a view and comfort. The captain also has full command of a host of technical and safety features; high water bilge pumps and alarm, plus a digital LCD systems monitor for engine diagnostics and pump monitoring. Even the dash itself has a tan gelcoat with rich burl wood accents.

If fishing is the order of the day, the lower deck area features a large insulated in-floor fish box with hinged lids and pump-out to hold a sizable catch. There are four rod holders and a foldaway aft seat in the cockpit area to allow extra room for battling game when needed. The Sea Ray 370 Express Cruiser even has an entertainment center that also functions as a bait prep station with wetbar, sink, cooler, cutting board, freezer and convenient trash receptacle.

Below, the cabin offers an amazing amount of storage space and room for four adults to relax without feeling cramped. The forward stateroom has a full-size bed, plenty of mirrored storage areas, and a standard entertainment center. In the dinette - salon area the convertible dinette can be used for sleeping space by simply stowing the table in its dedicated

compartment. The list of standard features also includes granite-look countertops, deep-pile marine-grade carpet, handcrafted wood trim. All extra gear is neatly hidden in the salon floor compartment with fold-down rod racks.

The stylish galley on the 370 Express Cruiser boasts beautiful cabinetry and includes a flush-mounted two-burner electric stove, refrigerator, microwave, coffee maker, fiberglass countertop with Corian cutting board, and faucet. In the head area, there's a VacuFlush head with fiberglass settee, Corian vanity top, sink and storage, as well as a fiberglass shower with sliding curved acrylic door.

The 370 Express Cruiser comes with an air conditioning and heating system, emergency start, windlass, fiberglass swim platform, Bimini top with boot, and vertical top storage. And for peace of mind, the 370 Express Cruiser has a remote start generator with muffler, plus an electric cockpit sole that raises the entire upper cockpit area for fast, easy engine access when needed.

## **Feature**
