Summary/Description

'The Belly' is a freshwater kept, US built motor yacht which was designed by the famous superyacht designer Nuvolari-Lenard in Italy. Her semi-V hull with a solid fiberglass bottom and Volvo Penta IPS drives means this yacht is not only is a good sea going vessel, but she is very easy to maneuver too

'The Belly' is a freshwater kept, US built motor yacht which was designed by the famous superyacht designer Nuvolari-Lenard in Italy. Her semi-V hull with a solid fiberglass bottom and Volvo Penta IPS drives means this yacht is not only is a good sea going vessel, but she is very easy to maneuver too. 'The Belly' features a unique sliding transom that glides aft with a push of a button to create additional cockpit space. The well-appointed interior features dark Zebrano wood, black granite counters, and cherry flooring throughout. Her three cabin and two head layout with large entertaining spaces means she is a perfect yacht for entertaining and also for longer cruises to the islands with family and friends.

Her key features include:

- Raymarine Navigation Electronics
- LLC owned
- Updated Low maintenance Sea-decking / Raptor deck
- Updated Fusion sound system
- New hull wrap
- Sunroof with updated window tint
- Freshwater kept with prime location transferable moorage on Lake Union
- Low hour Volvo Penta IPS drives with joystick for easy docking
- CruisAir Reverse cycle heating and air-conditioning great for year-round cruising
- All new batteries (2023)

Manufacturer Provided Description

The Marquis 500 Sport Coupe is a yacht created through the partnership of Italy's Nuvolari-Lenard Naval Architects and Marquis, America's foremost builder of premium quality yachts. The result is a trend setting sport coupe with styling, quality and performance that will stand out in any port throughout the world. Propulsion is provided by three Volvo Diesel engines equipped with innovative IPS drives. Performance is exhilarating. When equipped with Volvo IPS Series 600's the 500 Sport Coupe can achieve a top speed of 42 mph. The IPS joystick makes docking and maneuvering this 50' yacht in tight quarters a snap. Nuvolari-Lenard's heritage of designing the world's most innovative mega-yachts is obvious throughout the Marquis 500 Sport Coupe's interior design and appointments. The Zebrano cabinetry, Brazilian cherry floors and designer fixtures set this yacht apart from typical express style boats. People who love being on the water will place high value on having the cockpit, salon, helm station and galley on the same level. With a push of a button you can move the transom lounge aft which expands the size of the cockpit.

Like all Marquis', this yacht is certified to CE-Class A specifications. That means it meets the European Union's highest standards and is built to be used with confidence on any body of water throughout the world.
