Summary/Description

Here is your chance to own a fully retrofitted and upgraded Olson 40!

Having undergone a major retrofit and many upgrades beginning in 2021, she is ready to dominate the race scene! Her owner has spared nothing.

The majority of the work done on the boat was by an expert that worked building boats for George Olson in Santa Cruz during the 70's and 80's. She has an upgraded elliptical race rudder and everything else you need to go fast! With low engine hours and new rod rigging, there are no excuses not to get offshore with her.

She has demonstrated her capability in 2022, by placing 2nd in the Puerto Vallarta Race and 3rd in the Islands Race.
