IMAGINE had been used as a liveaboard before the current owner purchased her in 2019. They brought the vessel back to a cruiser style vessel with the many upgrades and preventive maintenance.

The vessel is ready for the next owner that is looking to head out cruising or use as a liveaboard.

## Accommodations / Walkthrough

Video Available.

There are many ways to board IMAGINE, either the port or starboard side via the Passerelle forward of midship, straight into the pilothouse or via the swim platform where you walk up the spiral staircase to the very comfortable aft deck with icemaker and sink to starboard with seating to watch those beautiful sunsets.

Entering into the open salon you will notice new overheads and lighting above to the refinished wood trims along the sides to the new flooring. You will not feel like you are on a 1996 vessel. A large L-shaped leather sofa to port is where you can relax and watch TV.

Forward of the salon is the galley. This entire area is a great place to entertain with the open floorplan style. The galley has very fresh appliances throughout and updated countertops.

Moving forward through a doorway is the lower helm station/pilothouse. A new leather covering on the bench seat faces the helm. The helm's layout is set to easily read the gauges and reach the controls.

Turning to port and up the interior stairs lead you to the flybridge. There are two helm seats for the Captain and mate while the guests can sit around the very large U-shaped settee with two tables aft. Behind the U-shaped settee is the davit and tender location.

Walking down the spiral staircase in the salon leads you to the full beam king size master stateroom with cupboard

spaces up the sides and a walk-in closet. His-and-Hers head features a shower/tub that separates the heads. The private master stateroom is separated from the other staterooms because of the engine room midship. One can enter through the door here or walk through the engine room to the other door and enter the VIP stateroom. A full ensuite head is located to starboard that adjoins this stateroom. Moving forward up three steps is the day head/V-berth head. All heads are fully complete with toilet, shower and wash basin. Outside the head is the laundry closet with a stacked washer and dryer.

To port is the guest stateroom with bunks and its own ensuite head. The V-berth stateroom has been transformed in an office / art room. This can quite easily be transformed back into a stateroom with the inclusion of a bed.
