Holding Tank: 40 gal (151.42 liters)  
HIN/IMO: MDNH6502E910  
Stock #: BRA8070-CW

## Engines/Generators

### Engine 1

Cummins  
QSB5.9  
Inboard  
380HP  
283.37KW  
Fuel: Diesel  
Hours: 626  
Hours Date: 03-31-2023  
Year: 2010  
Serial #: 46879735  
Location: Port

### Engine 2

Cummins  
QSB5.9  
Inboard  
380HP  
283.37KW  
Fuel: Diesel  
Hours: 663  
Hours Date: 03-31-2023  
Year: 2010  
Serial #: 46879733  
Location: Starboard

## Summary/Description

For Sale

- Stainless Tender Davit (Dinghy Caddy)
- Unique Walk-in Engine Room
- Molded Stairs to Bridge
- NO ODORS
- Serviced and Ready to Enjoy!

Loop, Liveaboard, Cruise, Weekend Condo or Charter

Offers Encouraged

## Overview

- Meridian designed its 391 Sedan to bring the styling and performance of a sportscar to the class without losing any practical features.
- This attractive yacht's sleek profile conceals a wide-open salon with warm cherry-wood interior, premium-gloss finish, homelike seating arrangements and 360-degree views of the horizon.
- She also features a dedicated dinette and fully-equipped galley that are seamlessly integrated into the main living space, two large staterooms and separate shower & head compartments, each with its own vanity and sink.
- The flybridge's distinctive overhang offers more space topside as well as cockpit weather protection, and its molded-in steps are hinged to provide direct engine-room access.

## Salon

Panoramic View with an abundance of headroom is the first thing you notice as you step inside through the sliding doors from the cockpit. She's tastefully decorated with wood-like flooring with removable panels for extra engine room access. There is an L shaped Ultra Leather Sofa, two casual chairs, Flat Screen TV with wine chiller & ice maker on the port side. Guest and Owners will appreciate the single-level approach with this design and ease of access from swim platform to cockpit to salon.

## Dinette/Galley

Entertain in style with the full Galley and crescent seating raised dinette lounge area. She's got it all!

- Nova Kool Refrigerator w/Freezer
- Origo 3 Burner Electric Stove

- Engine Room Access
- Fender Storage
- Lighting
- Single Level Access to Salon w/Sliding Doors

## Exclusions

Seller's Personal Items. Table and chairs in cockpit not included. Dishes and fan in Salon not included.

## Notes from the Seller

Usually cruise at 17-19 mph at 2400 rpms. At that speed we were burning about 25 gallons an hour. Sometimes we would run slow at 8-9 mph at about 1000 rpm and at those speeds we were burning about 5-6 gallons an hour.

I wanted to give you a brief summation of how we used Ohana. She was never intended to be a "floating condo" at a marina. We were down at Kemah at least once a month but in the warm months it was more like 2 or 3 times a month. On those short visits we would take her out for the day to Red Fish or on to Galveston for lunch. We did spend several overnight or weekend trips either anchoring out or utilizing Pelican's Rest Marina, Moody Garden Marina or Galveston Yacht Basin. Longer trips are listed below.

- 7/27/21 First long trip out in the gulf where we ran 12 knots and took 6 hours to get to Surfside staying at Bridge Harbor Yacht Club.
- 7/30/21 Continuing south in the gulf at 14-16 knots 2400rpm we stopped at Port O'Conner for fuel before continuing on the ICW to Port Aransas for a few days.
- 8/1/21 Took ICW to Surfside Marina for the night and then ran her outside in the gulf the rest of the way home to

Kemah

- 7/27/22 Started a repeat trip to Port Aransas stopping at Surfside for the evening again at Bridge Harbor Yacht Club. The following day rough waves made us seek shelter in the ICW after we got fuel at Port O'Conner. Then, with Port Aransas Municipal Marina in sight, the port engine stopped due to a short in the harness. 8/19/22 we started the 3 day return trip using only the starboard engine. Once we were back at Kemah Boardwalk Marina, Ohana sat for almost 6 months stuck in "the supply chain" waiting for a new harness. Once it was finally replaced we had to haul her out for a bottom job including replacing zincs.
- Within the last 2 weeks oil and filters have been changed in both engines as well as in the generator. Fuel filters have also been recently changed. All to make sure she will run properly. Engine room has been thoroughly cleaned by the man we have had wash Ohana every 2 weeks since we purchased her. He also just recently did a thorough wash and wax of her exterior, including the shades that go over the windows.

### **Repairs and Maintenance Since Purchased**

- Regular Oil and filter changes
- Wax every 6-9 months
- Wash every 2-3 weeks
- 3/15/21 Replaced salon and master cabin TVs with smart TVs. Installed smart TV in guest cabin
- 5/17/21 Replaced PSS shaft seals
- 5/20/21 Replaced wine fridge
- 5/22/21 Complete bottom job including replacing zincs and paint job
- 5/25/21 Installation of davit - Dinghy Caddy from Canada
- 6/10/21 Replaced and labeled all batteries
- 6/28/21 Replaced VacuFlush Quickbills on toilet
- 7/1/21 Upgraded charge wiring replacing battery charger
- 9/9/21 Replaced Maxpower electronic thruster control box
- 11/9/21 Replaced vessel view with Mercury Vessel View with multifunction display. Updated NMEA 2K to network chart plotters and vessel view.
- 12/7/21 Replaced Fusion Sound System including amplifier and all 4 outside speakers
- 3/25/22 Bottom cleaned by diver, zincs replaced
- 5/10/22 Replaced ice maker with 14 inch under counter ice maker
- 8/21/22 Replaced air conditioning fresh water pump
- 2/25/23 Replaced port engine harness
- 2/28/23 Hauled out for powerwash of bottom and to replace zincs
- 3/14/23 Replaced shower sump
