## Summary/Description

This Glacier Bay 2780 Isle Runner is in very good shape and kept on a lift in the Chesapeake Bay. Garmin electronics with HD radar, Panoptix fish finder and new Garmin VHF. The owner takes meticulous care of the boat. This is a stable, and efficient vessel ready for its new owner.

A powerboat built by World Cat, the Glacier Bay 2780 Isle Runner is a proven displacement hull design. With a three sided windshield enclosure and aft cockpit glass curtains, the 2780 protects you from rough seas and rough weather with a silky-smooth ride and 360-degree visibility while seating 6 adults on the 35sf of protected bridge deck when underway. Clear the aft decks for early morning fishing with current Garmin electronics including 18XHD radar, rod holders, big fish boxes, even a 20-gallon live well. Pull out the wine and cheese in the early evening and take a sunset cruise around the harbor. The twin 150hp Suzuki outboards (max hp) run great and push the boat along very efficiently.
