Summary/Description

Featuring a refined hull for softer, drier ride, and recently serviced CAT engines, the 1995 Cabo 35 Express Sportfish is an exceptional offshore fishing platform! Loaded with equipment, amenities and comfortable cabin, WY KNOT is ready for tournaments and overnight trips to the Bahamas! CALL NOW!

1995 Cabo 35 Express Sport Fishing

This very well-maintained Cabo 35 Express is ready to show in Fort Pierce, FL. Twin 435 HP 3208 Cats with extensive maintenance logs with 2,100 hours. Many new components such as turbos, after coolers, oil coolers, injectors and more, over 45k, invoices on board. Easily accessible engine room via deck lift with plenty of room and lights to work. Nice, clean, well-appointed cabin with separate electric head. Ample galley. Decked out for fishing with extra tackle storage, mounted teaser reels, stout outriggers and more. Lower and upper helms, Hynautic steering, brand new, everything integrated, Garmin electronics, Sirius XM radio, VHF, Fusion stereo, new speakers. New Phasor Generator with less than 200 hours. New batteries and many more "new" things such as cushions, cockpit paint, sea deck and a host of others. This boat looks, feels and performs like a much newer model. For the money, you won't find a better deal out there. Ready to fish today! Contact us now for a full listing and to schedule an appointment to get aboard this fishing machine!

Manufacturer Provided Description

Created by the boat building team of Henry Mohrschaldt and Michael Howarth, the same craftsman selected by Fortune Magazine for building one of the top 100 products in the world, the Cabo 35 Express is a benchmark in design, construction, and performance. As an offshore powerboat racer, Dick Ornstein knows that it takes a masterful blend of design and construction to achieve a high level of performance. When it came time to purchase a sportfisher for his personal use, he chose Cabo for just those reasons. Opt for the turbo charged and after-cooler 435 hp (422 shaft hp) Caterpillar V-8 diesel, and the Cabo 35 Express has a top speed of more than 40 mph at 2750 rpm. Even more important in the real world, however, is that the Cabo Express can eat up the miles at a comfortable cruising speed of 33 mph and still have a range of nearly 350 miles. This combination of speed and range gets the Cabo 35 to a faraway fishing ground fast and allows it to stay longer than any comparable boat. Whether you're backing down on a billfish, spinning to stay with tuna, or firewalling the throttles to head for new fishing grounds, the Cabo 35 Express responds instantly to helm and engines.

Vessel Walkthrough

This sportfish express is the perfect size for family or tournament fishing. Do not let the hull age give you assumptions, this boat looks, feels and behaves like a much newer vessel. The current owner has had her for over 7 years and has upgraded and maintained her to be always ready for any day when the bite is good. This is not a dock sitter. When the owner is away, it is maintained by a skipper, so it is never neglected.

With its large, well laid out cockpit, 4 to 5 people can rod fish comfortably. With the outriggers, mounted teaser reels, upper helm tower, extra tackle storage, large bait freezer and tuna door she performs very well in the tournaments. Along with a 13' beam on a nice plaining hull, she handles the seas comfortably. With the twin, well serviced 435HP Cats, she gets there fast without burning a boatload of fuel.

The covered lower helm and one step up from the cockpit seating makes for an enjoyable trip for everyone whether it be for a ride down the ICW, or out for deep sea fishing.

The below deck cabin is larger than you would expect on a boat this size and well appointed, enough so that a weekend in the Bahamas will be comfortable.

Main Salon:

- L-Shaped settee with cream colored upholstery
- Custom wood top café table
- AC/DC panel
- Cruisair 12,000 BTU AC with heat option
- (3) Opening port lights
